

mobiquity® One

Orchestration Layer

Payments as an Experience

Powering payments for India's leading online gifting platform

Accelerate go-to-market by up to **95%**

Increase payment success rates by up to **10%**

Achieve over **90%** improvement in operational efficiency

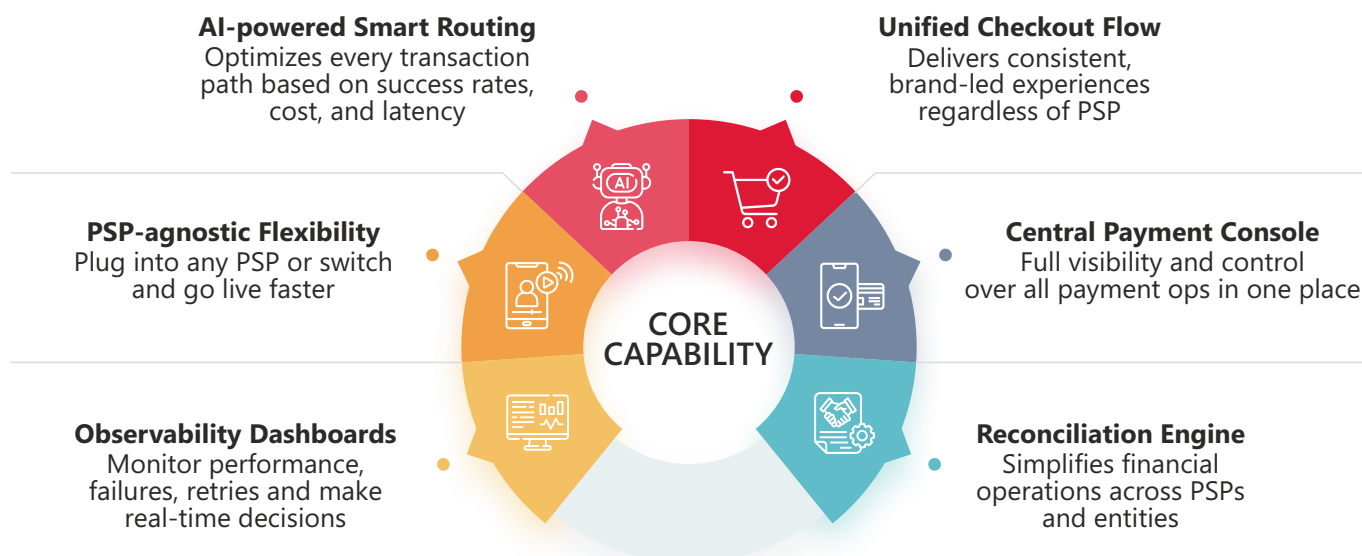

From Fragmented to Flawless: The Experience-Led Orchestration Layer

Modern commerce demands more than just payment processing. You need agility, intelligence, and consistency—across every touchpoint.

mobiquity® One – Orchestration Layer empowers businesses to take control of complex payment flows with a powerful, AI-enabled orchestration layer that transforms backend chaos into seamless, brand-forward experiences.

Our payment orchestration layer is designed to empower merchants with flexibility, while also offering payment gateways a level playing field to serve more customers efficiently. *By staying **committed to being neutral**, we give both merchants and payment gateways the confidence to scale, innovate, and grow together. We don't compete, we enable!*
